**UGP ENGINEERING
PRIVATE LIMITED**

No: 2B/10, 3rd Main Road, Ambattur Industrial Estate, Chennai - 600 058

ABOUT US :

“UGP ENGINEERING PRIVATE LIMITED” was established in the year 1997 and a pioneer in the field of manufacturing of High speed automatic bottling machineries like Tunnel Rinser, Unscrambler, Filler Cum Sealer, Labeller, Conveyor system and Pick & Placer.

UGP is the pioneer in setting up of IMFL Plants i.e. setting up of ENA storage tank, Special spirit storage tank, Blending tank, Day tank with Stainless steel Piping & Filtration systems etc...

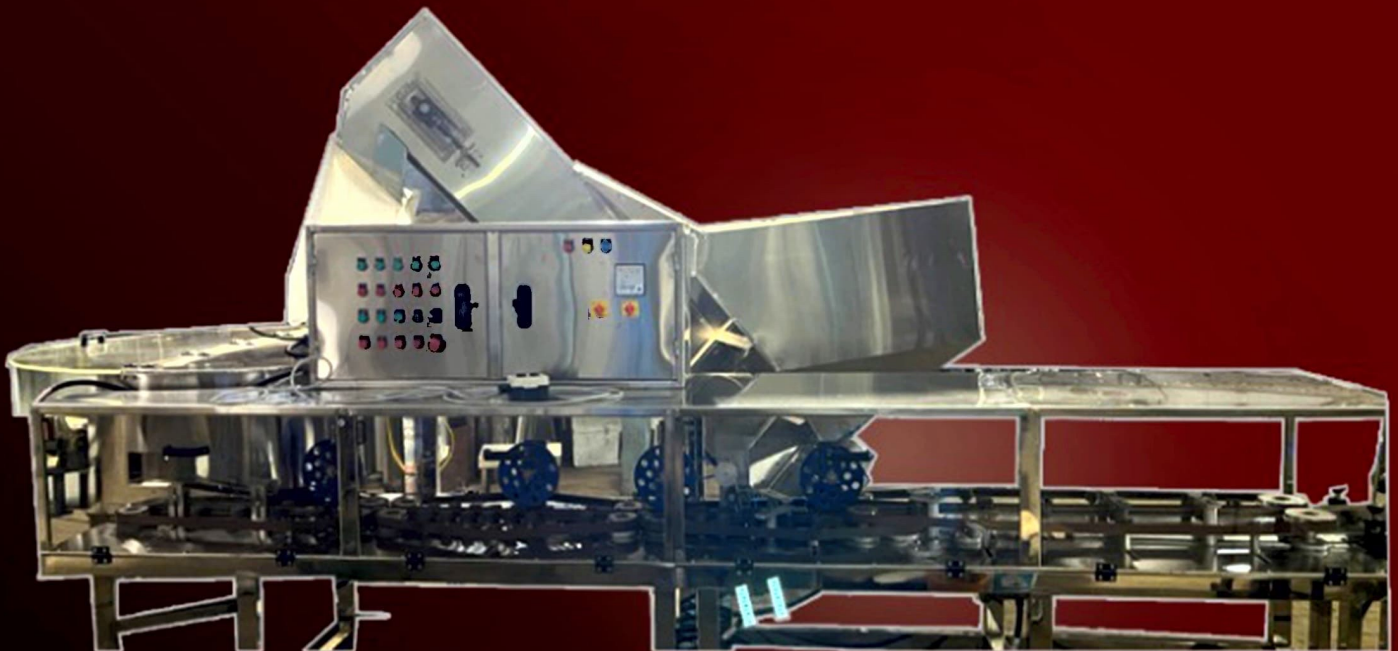

BOTTLE RINSING MACHINE : (Capacity upto 450 BPM)

We Manufacture Two Types of rinsing Machine as Tunnel Rinser & Rotary Rinser.

We have supplied more than one thousand Tunnel Rinsing Machines all over India, Our Machines are widely accepted by second hand glass bottle users because we provide 3 stages of recycling filter water wash and one stage of fresh water wash and our cleaning time is more than 2 minutes.

UNSCRAMBLER MACHINE : (Capacity upto 405 BPM)

Our unscrambler machines are very sucessfull for Light Weight Pet Bottles.

FILLER CUM SEALER MACHINE : **(Capacity upto 405 BPM)**

Our Fully Automatic & High Speed Filler Cum Sealer Machines are custom-built for the Filling and Sealing of Glass & Pet Bottles of Various sizes ranging from 60ml to 750ml.

LABELLING MACHINE : **(Capacity upto 405 BPM)**

Our Fully Automatic & High Speed multomatic labelling Machines are designed and manufactured for both front & Back Labelling of glass & Pet Bottles of various sizes ranging from 60ml to 1000ml.

Also we can use wet glue labels & sticker labels (Pressure sensitive) in our machines, Also We are supplying Locator Labelling Machines.

OUR OTHER PRODUCTS:

SINGLE HEAD AUTO SEALER

SEMI AUTO FILLER

LOCATOR LABELLER

BULK PET ELEVATOR-PET BOTTLES

BULK CAP ELEVATOR-CAPS

PICK & PLACER

CONVEYOR SYSTEMS :

I) SLAT CHAIN CONVEYORS

II) BELT CONVEYORS

III) GRAVITY ROLLER CONVEYORS

IV) BEND CONVEYORS

SS TANKS :

I) SS TANKS-CAPACITY 1000 LITRES TO 9 LAKH LITRES

II) SS WATER FILTERS OF CAPACITY 20M3/HR & 40M3/HR

III) SS MANHOLES

CLIENTS
